

Luisa Kling, M.Sc. (2018)
Specialist Corporate Controlling &
Development at AXA

After your MSc., where did you choose to go?

After my MSc., I started a Traineeship in Finance at AXA.

How did your Heidelberg M.Sc. prepare you?

The Master equipped me with skills that help me in my current position to quickly understand and assess economic and business matters. Moreover, the program trained me in handling unknown and abstract topics analytically, and independently work on solutions to economic problems.

Your favorite course (or other academic activity including thesis, seminars, presentations) in the Heidelberg M.Sc.?

My favorite course was Christiane Schwieren's course on Advanced Experimental Economics in which we were able to design and conduct our own laboratory experiments. This was a great opportunity to enhance theoretical knowledge with practical experience and a good preparation for my Master's thesis in this field of research.
